

Gaudenzia, Inc. is the leading non-profit provider of drug and alcohol treatment and prevention services in Pennsylvania. Since 1968 we have been helping people overcome the ravages of addiction and related illnesses. In these trying economic times, to help fund our programs that serve over 13,000 people each year, we must raise awareness and revenue. We are delighted to announce that on **Wednesday, May 20, 2009**, Gaudenzia will honor fellow Chamber of Commerce member **Roger H. Ballou, President & CEO, CDI Corporation** with the distinguished Gaudenzia/Gustave G. Amsterdam Community Champion Award. The event will be held, beginning at 6:00 P.M. at the Sheraton Society Hill Hotel. The evening includes a reception, the award ceremony, dinner, and a silent and live auction. Last year over 400 guests participated from the business community.

This year more than ever, we need your help. Funding and vital services from all public sources continue to decline and private donations are critical. Please consider being a sponsor, placing an advertisement in the Program Book, buying tickets, or making an in-kind donation to support our live or silent auction.

Please contact Amit Aronson, Eastern Region Community Affairs Coordinator at (610) 239-9600 ext. 238 or aaronson@gaudenzia.org to make a real difference in the lives of those men, women and children affected by alcohol and substance abuse.
