Open House

Friday May 8, 2009

We cordially invite you to attend the grand re-opening of our Philadelphia Job Corps Life Science Institute. We are proud of our new facility in South Philadelphia and want you to see it!

We also want to give you an update on the progress of our Institute and the successes of our wonderful students. To accomplish this, we have prepared a one-hour program that will begin promptly at 1:00 P.M. Hopefully, the words spoken and the music rendered will make this a memorable event. Our students will also provide refreshments that will evidence their *culinary art*.

For an hour following the program, our students will provide tours of our facility. If your time permits we invite you to join them for this activity as well.

We are looking forward to greeting you at our Institute on Friday, May 8.

Sincerely,

John DeBlasio, Center Director
and the Students and Staff of the
Philadelphia Job Corps Life Science Institute
